

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DIVISION OF WATER QUALITY  
PO BOX 029  
TRENTON, NEW JERSEY 08625-0029

**TREATMENT WORKS APPROVAL FEE SCHEDULE**

The minimum permit fee for the Treatment Works Approval applications processed by the Department of Environmental Protection has been revised, in accordance with N.J.A.C. 7:1C-1.5. The changes to the permit fees were published in the New Jersey Register on January 3, 2006. **The minimum fee is \$850.00.** As before, the below fee formulas base the permit fees on a percentage of the construction costs on the portion of the project for which a Treatment Works Approval is requested. The fee formulas are based upon the following categories:

**CATEGORY I:** *(Projects with a construction cost exceeding \$1,000,000)*

$$\text{FEE} = 4P(\$250,000) + 2P(\$750,000) + P(\text{C.C.} - \$1,000,000)$$

**CATEGORY II:** *(Projects with a construction cost exceeding \$250,000 but less than or equal to \$1,000,000)*

$$\text{FEE} = 4P(\$250,000) + 2P(\text{C.C.} - \$250,000)$$

**CATEGORY III:** *(Projects with a construction cost less than or equal to \$250,000)*

$$\text{FEE} = 4P(\text{C.C.})$$

For all three categories, the value for "P" has been calculated to be equal to .0040 and "C.C." is the construction cost on the portion of the project for which a Treatment Works Approval is requested. Please note that **\$850.00 is the minimum permit fee.** Please be aware that the minimum review fee for Treatment Works Approval modifications is now \$500.00.
